

Incumbents of the Parish of Claypole, Lincolnshire

Before the 18th century the Parish from an ecclesiastical standpoint was divided into two Medieties and there were two Priests, one for each mediety. The South Rector lived in the home adjacent to the church, now known as Church Farm and the North Rector lived in the large house on Rectory Lane. One Rector would take the Sunday morning service and the other would take the Sunday evening service. During the week, each rector would use the Church as required for baptisms, marriages or funerals for their Mediety.

In 2014, St Peter's is one of a group of Parishes comprising Claypole, Dry Doddington, Fenton, Stubton and Westborough collectively Claypole Benefice. The benefice is part of the Loveden Deanery within the Diocese of Lincoln
